

PRE-BOARD EXAMINATION STD. X & XII (2021-22)

Dear Parents,

This is to inform you that Pre-Board Examination of Standard X and XII is scheduled from **7th Feb** onwards. The pattern of paper will be subjective. As CBSE has planned to conduct Final Board Examination in Offline Mode, hence, we also want to follow the same pattern and conduct **Pre Boards in Offline Mode** with an objective of personally meeting our students and understanding their repairing needs. **It is mandatory for all students to appear in Pre board exam in Offline Mode.**

Due to the unprecedented conditions, we could not get students regularly to meet us in physical mode. Now, in order to make up for that loss, this is the golden time to conduct proper practice and drills for the upcoming examination.

Timings

- Full School Timing – 8.00 am to 1.30 pm
- Exam Timing – 8.00 am to 11 am.

It is recommended for the students to stay back in the school after the exam gets over so as to help them in revising their subjects & take their problem solving session in order to minimise their anxieties. Post examination PSS will be based on the needs and choices of the student.

- For class XII, we will be providing the practical sessions in Labs that can help them to prepare for upcoming Board Practicals.
- Gap between two exams is meant for Revision and Online Problem Solving Session will be conducted during these gaps.

Pattern of Pre-Board Examination Paper will be Subjective.

Date sheet for the same will be uploaded on the class webpage.
