

CIRCULAR FROM TURTLES FAMILY REGARDING WELCOMING OUR STUDENTS

Dear Parents

Greetings from school !!

After the days of silent hallways and empty classrooms, it is delightful for us to welcome all our students back to the physical school. To make the much awaited come back memorable the school has embarked on an extensive preparation and planning so as to make the re-opening fun-filled for our kids, and cure in-class learning gap as well.

Our aim is to give our students the feeling of coming back to their own space and to re-engage positive connections with other students and their teachers which is essential for their successful learning and for moving forward.

With open arms Turtles family welcomes all kids to an exciting journey. We will be taking utmost care by following high standard hygiene practices.

We are also aware that there is a large concern amongst parents regarding the students as they are coming to school after the span of 2 years. Our Management and Research & Development team is working round the clock to develop a comprehensive curriculum, so as to curb the learning gap so that the students do not feel pressurised to cover the huge gap of in-class learning due to the time spent away from physical classes. We have also planned many more colourful activities which will make Kids excited for their come back to school. Here we as a team will ensure that the student's learning continue with special care for our children's emotional health and their overall well-being.

We know the vast majority of students across all the grades learn better in physical classroom environment where they can connect with their teachers and interact with their peers.

Here at the school, we can't wait to see all the smiling faces again walking down our hallways to a great year ahead filled with learning new things, working together, and having lot of fun.

We request our parents to be more understanding and accommodating with their kid's learning as it a gradual process and requires a lot of patience and sensitivity for handling them well.

Please note that we will hold the classes in offline mode only. Having students in physical learning environment will help us to closely get involved with our students.

Herewith in, we are sharing the list of important events for your overview.

- **22th & 23th March** **Pre-Visit for Newly Enrolled Students of PG & Nur for session 2022-23**
